explore the impact of DNA testing, genealogy and unusual results with Libby Copeland and the Robinson-Spangler Carolina Room.

Libby Copeland is an award-winning journalist who has written for the *Washington Post*, *New York Magazine,* the *New York Times*, the Atlantic and many other publications. She specializes in the intersection of science and culture. Copeland was a reporter and editor at the *Post* for 11 years.

The Robinson-Spangler Room Brings History to You Via Zoom!
Tuesday-October 13, 2020
2:00 p.m.

The Lost Family: How DNA Testing Is Upending Who We Are explores the culture of genealogy, the science of DNA and the business of DNA testing, all while tracing the story of one woman, her unusual results and a relentless methodical drive for answers that becomes a thoroughly modern genetic detective story.
